

The International Consortium for Personalised Medicine

Dr. Charlotte Videbaek, Innovation Fund Denmark

(bio)Pharma Ireland seminar, Brussels, Feb 28th 2017

ICPerMed – an international consortium

- over 30 European and international partners
- representing **ministries, funding agencies** and the **European Commission (EC)**
- International consortium model

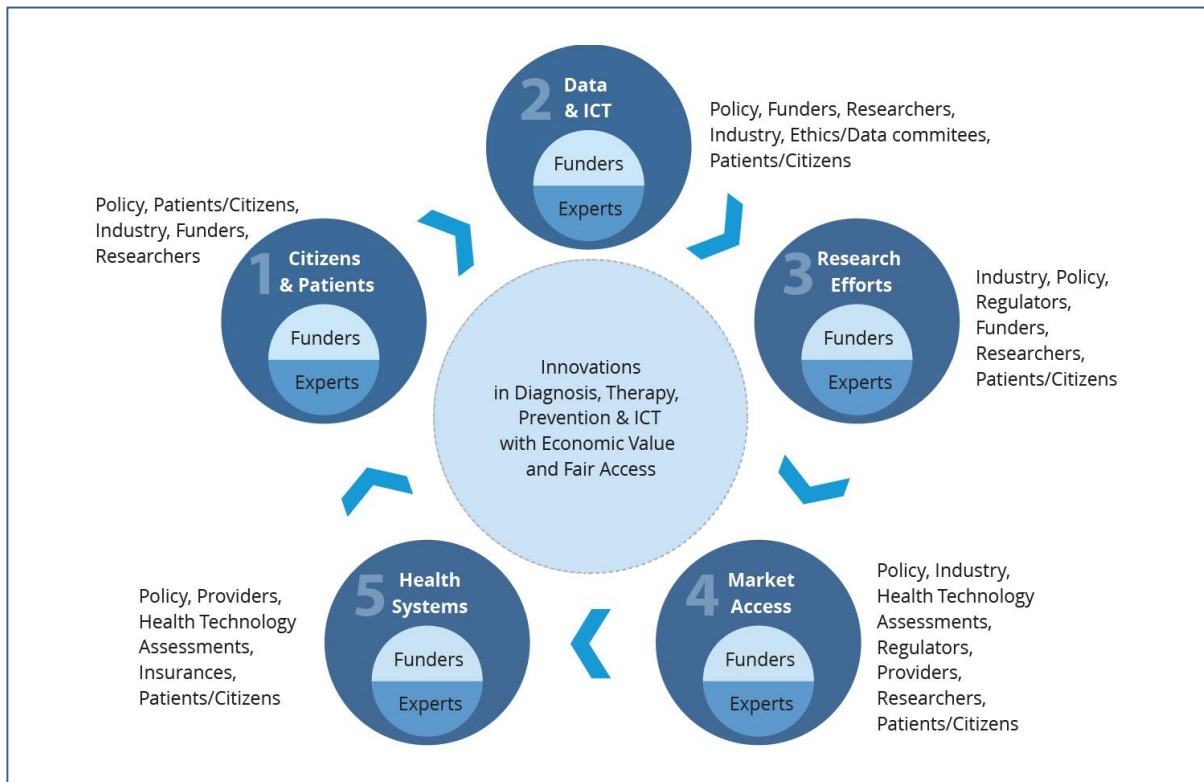

Aim: to coordinate and foster **research** to develop and evaluate personalised medicine approaches

ICPerMed Vision Statement:

- Establish **Europe as a global leader** in personalised medicine research.
- Support the **personalised medicine science base** through a coordinated approach to **research**.
- Support research to investigate **the benefits** of personalised medicine to **citizens** and **healthcare systems**.
- Pave the way for personalised medicine approaches for **citizens**

Research as driver of personalised medicine
