

Jacqueline Djomo is a budding entrepreneur in the field of decentralized and rural electricity networks. Ms. Djomo earned a Bachelor's of Business Administration in Finance from Howard University, and previously spent 7 years contracting for the U.S. Department of Housing and Urban Development (HUD), supporting the oversight of assets restructured through the Office of Recapitalization. Ms. Djomo developed and implemented the training program of HUD's Post-Closing Portfolio Manager (MBI Consulting). Her growing interest in public infrastructure has led Ms. Djomo to transfer her finance, strategy, and cross-functional team leading skills to addressing the growing energy deficits faced by rural and other populations in emerging countries. Ms. Djomo is currently working on the development of a 4.7MW hydroelectric station in East Cameroon. To contact Ms. Djomo, please visit the following page: www.ptabenergy.com.
